

REP. HARVEY OF WEBSTER

Displeased With Report of Committee and Challenges Gov. Stanley to Make Request

THAT THE PROBE BE CONTINUED

FRANKFORT, KY., March, 6.—The Probe Committee appointed to investigate "the charges and countercharges" made by Representative Harvey, of Webster County, and Representative Pumphrey, of Fleming County, during the recent State-wide prohibition debate, submitted a unanimous report this afternoon completely exonerating Harvey in connection with Pumphrey's charges.

The committee report entirely ignores the charges which were made by Representative Harvey relative to whisky contributions toward Gov. Stanley's election. Altho it was the general understanding that it was the committee's duty to investigate the charges affecting the Governor, the report contains no word upon this subject.

The House, however, adopted the report without debate and discharged the committee. Members of the committee, it is said, did not consider that they were charged, under the resolution, with the duty of probing the charges made by Harvey which precipitated Pumphrey's attack upon him.

Representative Harvey tonight issued a statement in which he expresses emphatic dissatisfaction with the report. He repeats his charges against Gov. Stanley, supports them and dares the Governor to submit to an investigation.

The report Harvey declares is a 'compromise' resulting from "the desperate desire of the Governor and his supporters to avoid bringing out the truth."

Renews Probe Demand

Representative Harvey's statement, repeating his charges and renewing his demand for an investigation of them is as follows: "I have always contended and have never agreed to anything but a thorough and searching investigation. I have not been so much concerned as to what the committee might do, or report as I have about getting my deliberate traducers on the witness stand and turn on them 'the pitiless light of publicity.' I have never believed that I needed an investigation for the purpose of vindicating me, but have anxiously sought it that it might condemn my accusers. I contend that the people of the State are entitled to have this dirty deal shown up in all its ugliness by a proper and searching investigation.

"I do not know why the committee has not seen fit to investigate the counter charge of mine that certain whiskey interests have made large contributions to Gov. Stanley's campaigns. The Governor immediately after this charge of mine in the House rushed frantically down to the footlights and informed the Pike Co. probers that I was a liar and a deceiver, that I could not be believed and that he had not received contributions from the whiskey interests or the county dividers or any other interests.

Says Distiller Gave \$25,000

"I made the statement on the floor of the house that one whiskey man alone had spent \$25,000 in two of

Gov. Stanley's campaigns. In substantiation of that statement, I submit the following affidavit:

The affiant, Elwood Hamilton, says that he is 38 years of age and a resident of Franklin county, Ky. that a few days after the August primary 1915, he was invited by Col. E. H. Taylor, Jr., president of the E. H. Taylor, Jr., & Sons, Incorporated, distillers, to his office in the McClure Building in Frankfort, Ky. and pursuant to said invitation he called on Col. Taylor at his office and found no one there except Col. Taylor.

Col. Taylor advised him that he was very much interested in the Democratic party in Kentucky and in its future success. He also said he was very much interested in Gov. Stanley and warmly supported him in his race for United States Senator in the August primary, 1914.

He said prohibitionists had no place in the Democratic party, and so long as Mr. McChesney advocated State-wide prohibition he ought not to be permitted to be a member of the Democratic party. He said the election of August, 1915, settled for all time the question of State-wide prohibition in this state, and that those of us who had been fighting him in the county ought to cease doing so and join him in saving the party. He said he furnished in the primary, 1914, for Mr. Stanley \$16,000. He furnished this to save the party. After that election was over he told Mr. Stanley that nobody could beat him for Governor, that he already had his organization made, that all he had to do was to set the men to work for him that had worked for him in 1914 and his election was assured.

He said that at the August election 1915, in the primary for Governor, he had spent for Mr. Stanley \$10,000 making a total that he had spent during two years to save the Democratic party from the fanatical issue of prohibition \$25,000.

ELWOOD HAMILTON.

Examiner for Franklin County.

Throws Down Gauntlet
"I ask Gov. Stanley if this is not true to have Col. Taylor make the denial in the same form as it is made above.

"Anybody can holler 'Liar! Liar!' But I dare the Governor and the Pike County Investigating Committee to summon Ben Williamson, who is not in Florida but in Ashland, before it with the command that he bring all documents pertaining to a deal that was consummated in a room at the Galt House on Sunday, October 24, 1915.

"I want the people to know that this 'compromise report' is not of my seeking and I do not believe it would ever have been made but for the desperate desire of the Governor and his supporters to avoid the bringing out of the truth in regard to the money of the whisky interests which put him across the plate in the campaign against McChesney and McDermott and in the November election."

DIXIE FLYER'S

Engine Turns Partially Over at Henderson—Fireman Johnson Jumps from Cab and is Instantly Killed.

Jumping from the cab of his engine while entering the depot at Henderson about 10:15 o'clock, Friday night, R. T. Johnson, fireman on the Dixie Flyer No. 94, northbound, fell under the engine which partly toppled over and was instantly killed.

The engineer, Charles Manning, remained in his cab and was uninjured.

The accident occurred just a short distance from the passenger depot and was witnessed by about fifteen Henderson people who were waiting for the train.

The fireman's body could not be extricated from under the engine. The wrecking crew at Evansville was called to lift the huge piece of machinery back on the tracks so that the body could be released.

Blame for the accident has not been definitely decided but it is thought a split frog was the cause. A block system is used in the line and the switches are controlled at the point by an employee in a switch tower.

OUCH! MY BACK! RUB LUMBAGO PAIN AWAY

Rub Backache away with small trial bottle of old "St. Jacob's Oil."

When your back is sore and lame or lumbago, sciatica, or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints.

Brent Hart Receives

An Appointment

Mr. Brent Hart, of this city, has received notice of his appointment to the staff of Gen. F. B. Harris, Commander of the Second Brigade, Kentucky Division U. S. V., as Assistant Adjutant General, with the rank of Major. Mr. Hart's grandfather was both Confederate soldier and did honorable service.

Prof. Glenn and James D. Sary, of Madisonville, have also received appointments to the rank of Major. Gen. Wm. E. Mickel, of New Orleans, La. as forwarded their Commissions.

MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at Tongue! Move poison from liver and bowels at once

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co.

Roy Parker was in Hopkinsville Saturday attending the funeral of his uncle.

ALL HOPE GONE FOR AGREEMENT

Difference of One Cent Prevents Settlement of Miners' Dispute

New York, March 3.—All hope of negotiating an interstate wage agreement for the soft cold fields of the Middle West was virtually abandoned today, when propositions offered by both operators and miners were voted down by the sub-committee representing the two sides.

Some operators and miners expected the sub-committee later in the day to report a disagreement to the full joint conference. In this event a sine die adjournment of the conference will likely result, and the United Mine Workers' policy committee will then outline further action. The policy committee, if precedent is followed, will order the international and district officers to endeavor to negotiate agreement by States.

A difference of one cent is all that stands between the contending forces. Today the mines shaved down their 10 per cent increase demand for dead work and yardage to 5 per cent. and also cut the demand for a 20 percent. advance for day labor to 10 percent.

The operators moved to cut the pending tonnage demand of 3 cents to 2 cents a ton, with proportionate decreases in the other demands. This was refused by the miners and the operators then rejected the proposal of the workers.

The Soul Awakener

The Soul Awakener, a small weekly newspaper published by Latt F. McLaughlin, of Madisonville, made its initial bow to the public last week. Mr. McLaughlin poses as an exponent of the Abraham Lincoln and Robert M. LaFollette type of Republican doctrine. The subject matter of his paper is handled in that sledge-hammer manner, characteristic of the author. The paper is published at his home.

CLINIC HELD AT Y. M. C. A.

For Sore Eyes Was Great Success—Ten Operations Forty-five Examinations

The clinic for sore eyes held at the Y. M. C. A. building in Madisonville on March 2 and 3 was quite a success.

Ten operations and forty-five examinations and treatments were made. Drs. Bailey, Baker and Robert Stry assisted in the work. Quite a number of the physicians in the county called and inspected the work.

The Public Health League and Miss Henry, the visiting nurse, are to be congratulated upon the success of the undertaking.

Later in the year when the examinations of the school children are completed a larger clinic will be held and an effort will be made to have all trachoma and like cases in the county in attendance. By the proper cooperation of all persons who are affected with a contagious eye disease no doubt trachoma and other similar contagious will be stamped out of the county.

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" fixes sour gassy, upset stomachs in five minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth, and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, the each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

Card of Thanks

We wish to thank our kind neighbors and friends who showered upon us their tender ministrations during the protracted illness and death of our beloved husband and father, and hope they will be as well remembered in their hours of distress.

Dog Cashes a Check

Philadelphia, Pa.—A dog's appearance at a bank paying teller's window seeking payment of his year's savings fund check is a new wrinkle. Kiddo, the prize winning fox terrier of Dr. J. H. Hagenbuch, of Mahanoy City, Pa., with check in mouth and indorsed by himself, was the lucky canine.

A year ago Cashier W. H. Kohler, of the Union National Bank, jokingly asked the doctor why he didn't take out a savings account for his dog.

"I will," the doctor replied. It became due, and amounted to \$25.50 and the cashier sent out the check to Kiddo Hagenbuch, in care of his "pa."

The fox terrier was soon at the window. The check had been indorsed "Kiddo Hagenbuch, in care of his 'pa.'" Opposite the signature appeared a mark of the dog's paw, the cashier having pushed an ink pad against it. The money was promptly paid, and the dog pranced away with his envelope carrying the amount.

A Good Letter

Someone has advanced the opinion that the letter "e" is the most unfortunate letter in the English alphabet, because it is always out of cash, forever in debt, never out of danger and in hell all the time. For some reason he overlooked the fortunes of the letter, as we call his attention to the fact "e" is never in war and always in peace. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no meat, no life and no heaven. It is the center of honesty, makes love perfect and without it there could be no editors, devils or news.

HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas.—"After my little girl was born two years ago I began suffering with female trouble and could hardly do my work. I was very nervous and just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told me that if he did not do something for me I would not last long and told him to get my medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. LOWERY, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ill, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

SEEKING SPIRITS IN STEAMBOAT WRECK

Cole Thinks There Was a Lot of it in Steamer That Sank 57 Years Ago

Alcester, S. D.—George Cole, of Alcester, can't give up the idea that there is a large quantity of good old whiskey inside of that steamboat that was sunk on a sandbar in the Missouri river south of Elk Point, fifty-seven years ago.

George found the wreck some years ago buried about twenty feet below the surface in a bed of sand and salt. He had workmen dig down to the upper deck, but he did not have equipment to get below. Everything he found on the upper deck was as sound as the day the boat was sunk.

He made arrangements with the Hawarden Sand & Gravel Co. for the machinery they had been using to pump gravel out of the bottom of the Big Sioux river, and shipped it to Elk Point, and will install it alongside the old boat. With this machinery he hopes to pump out the sand and silt in a short time and find out what is inside.

It is known that there is a large quantity of lumber on the boat. This is in a good state of preservation and will pay the excavating expenses. If those fifty-seven-year old whiskey casks have withstood the ravages of Missouri river water, Mr. Cole is of the opinion that a moonshiner's still will not be in it in comparison.

Free Vacation Tours

It has been the custom of the Southern Woman's Magazine for some time to conduct each year a series of Vacation Tours for their representatives. This is a somewhat novel plan as it does not have any contest feature, but is a definite offer to their representatives.

This year there will be given two tours, a Western tour and an Eastern tour, the Eastern tour embracing Philadelphia, Washington, Atlantic City, Niagara Falls, Toronto, Canada, Great Lakes, Thousand Islands, Montreal, Albany, daylight trip down the Hudson river to New York City; spending three days in New York our party will go by sea over the Old Dominion Line to Norfolk, up the James River to Richmond, returning by way of Chhattanooga.

The western tour will embrace Salt Lake City. FOUR days tour of magnificent Yellowstone Park, Royal George, Denver, Colorado Springs, Cripple Creek, returning via Chicago.

These tours are given with all expenses paid by the Magazine Company.

Full particulars of either tour will be sent upon request by the Southern Woman's Magazine, Nashville, Tenn.

LAME EVERY MORNING

A Bad Back is Generally Worse in the Morning. Earlington People are Finding Relief.

A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all.

You can't get rid of kidney back-ache, until you reach the cause—the kidneys.

Doan's Kidney pills are especially prepared for weakened or disordered kidneys—been gratefully recommended by thousands.

The following statement proves the merit of Doan's.

T. J. Pool, Nortonville, Ky., says: "I had kidney trouble for about ten years. My back ached at night and I was lame in the morning. I tired easily, was nervous and had headaches and dizzy spells. My sight was also affected. The kidney secretions passed too frequently and contained sediment. Colds always settled on my kidneys. A few doses of Doan's Kidney Pills relieved me. They gave me more benefit than any other medicine I ever tried."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Pool had. Foster-Milburn Co., Props., Buffalo, N. Y.

WORLD'S LEADING TOBACCO TOWN

Winston-Salem, N. C., Now Manufactures More Tobacco Products Than Any Other City in the World.

Following are extracts from an address delivered by Col. A. D. Watts, Collector of Internal Revenue for the Fifth District of North Carolina at a smoker given by The Twin City Club, Winston-Salem, February 4th, 1916:

Some Comparisons

"Winston-Salem is supplying one-fourth of all the chewing and smoking tobacco consumed in the United States, besides exporting vast quantities to foreign lands. This statement is taken from the reports of the Commissioner of Internal Revenue for the first quarter of the present fiscal year and from private advices from Washington, as to the second quarter, which ended December 31st, last.

"Your city is making one-seventh of all tobacco products—chewing and smoking tobacco, cigars, cigarettes and snuff—manufactured in United States. Your manufacturers are paying on an average about \$37,000 a day revenue taxes to the government and the amount is increasing from month to month. When your government building, much the handsomest in the State, was completed last July at a cost of \$250,000 your newspapers made the statement that the taxes paid in your city to Uncle Sam for the first eight days of its occupancy would pay for it. Since September, it has taken only a fraction over seven average days collections here to equal its cost. So far this week, Mr. Cranford has taken in \$206,428.50. I predict that before 1916 shall have ended your average weekly payments to the government on tobacco will more than pay for this magnificent building, leaving the collections for the other fifty one weeks as clear profit to the government.

Tobacco Shipments

"Winston-Salem is shipping on an average each week day to all parts of this country and to foreign lands least \$150,000 of tobacco products."

"In conclusion, Winston-Salem manufactures more tobacco, all tobacco products are taken into this statement, than any other city on earth, little or big. Industrially, she is easily first in North Carolina, population considered, first in America and I believe, in the world; socially, a never failing delight to her friends."

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Between the Lines

Hamilton Fish, Jr., told a war story at a smoker at the officers' training camp in Plattsburg.

"Two brothers, Russians," he said, "were captured in the Carpathians and sent to a prison-camp in Germany."

"Their mother heard nothing from them for a long while, and the poor woman was nearly distracted. Then, at last, she got a letter, from the elder brother, Piotr."

"Dear mother," he wrote, "here I am in the lovely German prison-camp. I have a beautiful room, with use of bath. The bed is comfortable, clean sheets every week. Good food and plenty of it. Beer to drink and cigars to smoke. I am very happy.—Piotr."
